

Institutional Distinctiveness

Alumni appreciation

Our institution has a long list of distinguished alumni. Their impeccable professional excellences are the living inspirations for our present students. Our institution under the guidance of the principal Dr. Sirajuddin Chogle, started an initiative in 2022, to share the professional journey of our alumni with the students through social platforms like, WhatsApp, Telegram, Facebook, Instagram to name a few. Since 2022, every Sunday, the 'Stars of Maharashtra College' poster is shared online with students and other stake holders of Maharashtra College.

The idea behind sharing the success story of alumni to present students has multi-level benefits which are as follows:

- 1) Motivation for the students to achieve their dreams.
- 2) An understanding about career prospects after graduation or post-graduation in arts, science & commerce streams.
- 3) Prospects to connect with the alumni and seek their guidance/assistance.
- 4) A sense of togetherness for the alumni.
- 5) An opportunity for the institute to connect with the alumni and tap their resources.

Since 2022, more than 120 alumni success stories have been shared till date.
